Visakhapatnam, Andhra Pradesh | +91 85238 45593 | Email | Portfolio

PERSONAL PROFILE

UI/UX Designer and Full Stack Developer with experience in designing user-friendly interfaces and developing responsive web applications. Skilled in wireframing, prototyping, frontend development, and database operations. Strong in problem-solving, usability improvement, and translating user requirements into practical digital solutions.

PROFESSIONAL EXPERIENCE

Accesco Living Pvt. Ltd. 2026

- UI/UX Designer Intern
- Designed web and mobile interfaces using Figma, including wireframes, user flows, and high-fidelity prototypes.
- Contributed to e-commerce platforms, admin panels, and manager portal interfaces, focusing on usability and consistent design.

Vizag Steel Plant, Visakhapatnam 2025–2026

- Full Stack Developer Intern
- Developed responsive web interfaces and implemented page layouts and UI components.
- Worked on improving website usability and visual consistency to meet project requirements.

Unified Mentor, Remote 2026

- Frontend Development Intern
- Created responsive web pages using HTML, CSS, and JavaScript.
- Implemented interactive elements to improve website functionality and user experience.

Digifac Software Solutions, Visakhapatnam 2026

- SQL Developer Intern
- Wrote SQL queries to retrieve, filter, and manage data in relational databases.
- Practiced joins, aggregate functions, and data manipulation.

PROJECTS & ACHIEVEMENTS

Bee Furniture – Furniture Catalog & Client Enquiry Platform 2026

- Developed a furniture catalog website that allows users to browse products, select favorite furniture, and share selections with clients through WhatsApp.

AU Students Portal Redesign 2026

- Designed a portal concept to improve navigation, usability, and access to academic information and student services.

Travel Partner App 2026

- Designed a travel planning experience featuring destination discovery, travel recommendations, and trip-planning assistance.

Smart India Hackathon – Farmer Crop Recommendation System 2025

- Contributed to a solution concept designed to help farmers make informed crop-selection decisions.
