LETTER OF RECOMMENDATION

Date: 15 October 2026

TO WHOMSOEVER IT MAY CONCERN

I am pleased to recommend **Mr. Patnayukuni Vinod**, who completed his internship as a **UI/UX Designer Intern** in the Design & Creative Department at Accesco Living Private Limited from **10th July 2026 to 10th October 2026.**

Throughout his internship, Vinod demonstrated professionalism, attention to detail, and a strong willingness to learn. He took designs from rough sketches to polished Figma screens across e-commerce, payments, inventory, and administrative products, and was part of the Beta Launch Team that built the login and OTP flow. He kept his work consistent with our design systems, worked closely with developers to resolve questions, and acted on feedback quickly.

Based on his performance and work ethic, I am confident that he will be a **valuable addition to any academic institution or professional organization**. I wish him continued success in all his future endeavors.

Sincerely,

Shivam
